Tuesday, January 20, 2009
9:30 a.m. to 12:30 p.m.

Attend this free workshop and learn about...

- ◆ **The Modified Non-Per Capita Conservation Program** – a new regulatory program for large providers in Active Management Areas (AMAs)
- ◆ How to promote water efficiency and communicate conservation messages to customers
- ◆ Where to get water conservation materials
- ◆ How to select best management practices (BMPs) that match your service area characteristics

This workshop focuses on the new AMA regulatory program, however, water providers from around the state are encouraged to attend.

Topics for future workshops include metering, ordinances, rebates, audits, education, and other best management practices.

For more information about future workshops or the Non-Per Capita Conservation Program, go to: www.azwater.gov

Workshops are free, but space is limited and registration is required.
